

## ABSTRACT OF THE DISCLOSURE

Weather and outdoor temperature are variable. When one spends time outdoors in such activities as observing spectator sports, fishing, backpacking, parades, fireworks, etc., one may need to be prepared for changing temperatures, rain, and other weather variables. A stadium jacket or coat, convertible to a cushion and reversible for variation  
5 may be the answer for many of these outdoor activities. With a removable handle, useable regardless of which side of the coat is exposed when in the form of a cushion, the coat or jacket may be easily carried. A handy pocket in the handle may be used for cash, keys, sporting event tickets, etc.
